Treachery.

MAKES MANY PLEDGES

(Special A. D. Dispatch).
Fond du Lac, Sept. 10.—Mayor
David S. Rose and his party opened
the democratic campaign here last
evening. During the day Milwaukee's
mayor had made six speeches in
towns along the line but he has
evidently reserved his best for Fond
du Lac and when he was enthusiastically
greeted by the large audience
at the armory he was at his best. He
captivated his audience and his rapid
and forceful arraignment of the re-
publican party as personified by Gov-
ernor La Follette was received with
cheers of approval.

His Speech.
Mayor Rose made point after point
in the armor of the republican state
platform he unfolded and attacked. He
spared no particle and his censure of
the governor and his methods was
telling in effect. Mayor Rose is a
strong speaker and his speech last
night was a specimen of the kind he
will deliver from now until the cam-
paign is over. He did not allow any
of the republican leaders to escape
his scathing tongue and all were taken
up in turn and served with their
dues from the democratic standpoint.

About La Follette.
In touching upon the career of Gov-
ernor La Follette, Mayor Rose ac-
cused the republican leader with per-
sonal ambition, with causing the pres-
ent breach in the republican party and
with general plan of making subser-
vient all the party rights for his own
personal gain. He told of La Fol-
lette before the '98 convention and of
his deal for the 1900 convention giving
a minute account of the Kress-
Payne letters.

Bitter Talk.
Of La Follette's actions of these
same letters, Mr. Rose said: "In
hamlet and village and city, upon
every occasion that opportunity afforded,
he sought to rally the rank and
file of his party to his support and to
enlist their sympathies and confidence
in his cause. He succeeded in a
marked degree; but just at the moment
when the confidence of his fol-
lowers was greatest, when their hope
of victory was strongest, secretly, cunningly
and shamefully he conspired
with those he confessed to hate, and
by intrigue and duplicity he com-
bined with those whom his followers
believed to be their enemies to secure
nomination without opposition."

Today's Journey.
He began his day's work this morn-
ing at 9:30 a. m. Summit Station,
Fond du Lac county; 11 a. m. Malone,
Fond du Lac county; 1:30 p. m. Cal-
vary, Fond du Lac county; 3 p. m. St. Cloud,

ers.

(Special By Scripps-Mellae).
San Francisco, Sept. 10.—Advises
from Borneo give the details of the
wiping out of nine thousand members
of a military corps of natives sent
to punish notorious head hunters. The
expedition was seized with cholera
and of the ten thousand members
hardly a thousand survived. The na-
tives beheld the dying.

TWO HUNDRED
ARE MURDERED

Gypsies Murder and Rob Pilgrims,
and Then Set Fire to Build-
ings.

(Special By Scripps-Mellae).
Vienna, Sept. 10.—Two hundred pil-
grims sleeping in a barn at Mariabar-
na, Hungary, were attacked last night
by gypsies, who robbed them and then
set fire to the building. Seventeen
were cremated and over thirty were
seriously burned.

BRIEF BITS OF LOCAL NEWS.

Rebuild Walk: Street Commission-
er Fredericks had a force of men at
work this morning rebuilding the
brick crosswalk across River street
on the south side of West Milwaukee
street. The work was so low, that a
lake formed there every time it rained.

Has A Watchman: The North-
western railroad now keeps a watch-
man at the Second street crossing
where Mrs. Boehm was killed a short
time ago. It is a good move on the
part of the company and may be the
means of saving several lives.

Tobacco Expert Here: W. W.

was in the city today. He has been
making a trip through the tobacco
growing districts about Edgerton and
Stoughton. He reports quite a
hard frost in the vicinity of Madison
and Stoughton last night.

FORMER CONSUL
IN LAW'S TOILS

The Italian Courts Hold the Gentle-
man on a Very Serious
Charge.

Washington, D. C., Sept. 10.—(Spec-
ial).—John J. Girimondi, an Italian,
who had been naturalized an American
citizen and was formerly United
States consular agent at Santos, Bra-
zil, but who was dismissed on ac-
count of neglect of duty and an alleged
deficiency in the revenues of his
office, has been arrested at Oneglia,
Italy. Girimondi was appointed from
California to the post at Santos March
26, 1900, and the Senate confirmed
the appointment March 30. After
his dismissal from the post in Brazil
he disappeared.

Under False Colors
Some time ago the department was
acquainted with the fact that Girimondi
was sailing under false pretenses
in Italy, using state department
stationery and representing himself
to be United States consul general to
Persia as well as general inspector
of consulates. Consul Plesner at
Genoa was instructed to look into the
case, and, going to Oneglia, he
found Girimondi. The latter confessed
his deceptions and surrendered the
department stationery.

Was Arrested
While the consul was considering
his case he was arrested by the local
authorities on the charge of betraying
the daughter of an ancient Italian
house and thrown into prison. Seeing
that the man was already in the
way to be roundly punished for his
other offenses, the State Department
left Girimondi to be dealt with by
the application of the local law.

PRESIDENT IS
AT OYSTER BAY

Pleasant Trip Through
the Southern States
Is Finished,

RETURNS TO WORK

Roosevelt Impressed with the
Progress Along Industrial
and Educational Lines.

GRATEFUL TO PEOPLE

(Special By Scripps-Mellae).
Washington, D. C., September 10.—
President Roosevelt returned from his
southern trip this morning and left
immediately for Oyster Bay where
he will remain until he starts on his
trip to the Northwest. He was well
and not at all fatigued with his hard
trip through the south, the last end
of which passed without accident.

Pleased With South.
The president expressed himself as
very well pleased with the progress
made by the south and its people along
educational and industrial lines and
said that he was very grateful to
them for the receptions that they
had given him wherever he had stop-
ped and the genuine feeling of welcome
that prevailed.

Is Entirely Well.
The president also said that he felt
no evil effects of the accident he re-
ceived two weeks ago and that the
shaking up had done him no injuries
at all. The marks of the bruises on
his face have entirely disappeared
and he is apparently very well and
not tired at all.

New York, September 10.—(Spec-
ial).—Although all was in readiness
yesterday for the departure of the
Grand Duke Boris of Russia, on the
steamer Kaiser Wilhelm der Grosse,
that notable failed to appear and the
liner sailed without him.

Will Stay A Week
It was announced that the Grand
Duke had decided to stay another
week in Newport, where he has re-
ceived much attention and has thor-
oughly enjoyed himself during the
last week. The grand duke started
from Newport on Monday evening on
Cornelius Vanderbilt's fast yacht, the
Mirage. He had intended taking a spe-
cial train at New York for Providence
but a slight mishap to the yacht made
it necessary to cut back to Newport.

HOL FOR STATE FAIR:

The St. Paul
road had about 200 passengers out of
Janesville today for Milwaukee. Many
other towns along the line turned out
more in proportion to their size than
Janesville. Nearly every train had
from one to three coaches loaded with
visitors to the fair. W. W. Winton,
district passenger agent was in the
city today looking after the passenger
traffic. This in his busy week and he
is kept going most of the time looking
after excursions.

BROKEN PROMISES

Action of British Was Nec-
essary to Effect De-
sired Reforms.

MUST FORGET ENMITY

(Special By Scripps-Mellae).
London, September 10.—Parliamentary
papers issued today go on to
give reports of an interview said to
have been had by the Boer generals
and Premier Chamberlain as to the
situation in South Africa at the pre-
sent time. The Boer generals complain-
ed to the premier that many of the
promises made had been broken.

Were Magnanimous
Mr. Chamberlain replied by saying
that the English had been much more
liberal with the defeated Boers than
had the north with the south during
the American civil war. They also
said that the time was needed to effect
the complete changes and reforms
that had been promised and asked
the Boer generals to reserve judg-
ment until time could effect the
changes proposed.

Not Desirable Now.
He added that he thought that it
was not just the time at present to
press any claims against the British
government until they had a chance
to prove that they were in earnest.
Also that self-government would
come as soon as the old animosities
were wiped out in South Africa and
all was quiet again.

ZEIGLER STILL HAS
HOPES FOR POLE

Will Not Give Up His Plans for the
Discovery of Same—Inter-

New York, Sept. 10.—(Special).—In
view of the satisfactory conclusion of
the court proceedings at Tromsø
Monday, which sustained the claims
of Evelyn B. Baldwin, the leader of
the expedition, as against those of Cap-
tain Johannsen of the America, Will-
Zeigler yesterday cabled Mr. Baldwin
asking that he return to New York.

the smallpox germ and urging that
such a discovery probably would mean
the elimination of much human misery
and the saving of many lives. He asks
Mr. Rockefeller to provide a fund for

NAVY WILL HAVE
NEW DRY DOCKS

Puget Sound Now Appears To Be in
the Lead for Appropria-
tions.

Washington, D. C., Sept. 10.—(Spec-
ial).—If Secretary Moody adopts all
the recommendations sent him by the
officers at navy yards his annual re-
port will contain a startling item for
new dry docks. The latest yard to
be represented in these recommenda-
tions to the department is from Pu-
get Sound. The rapid growth of that
establishment and the increasing use
of the present dock, owing to its fa-
vorable location, appears to justify the
construction of additional facilities for
the docking of vessels on the Pacific
coast. The means of naval repair at
Mare Island are not of the best, and
there is a chance that Puget Sound
will become one of the great navy
yards of the country.

Will Purchase Land
It has already been suggested to
the navy department that the govern-
ment acquire an additional strip of
land in the town of Bremerton, ad-
joining the eastern boundary of the
yard. This land can now be ob-
tained for much less than at any fu-
ture time. The navy department peo-
ple are favorably disposed towards Pu-
get sound mainly on account of its
convenient locality.

Appropriation Necessary
It is possible that the department es-
timate to congress this year for Pu-
get sound will amount to a consider-
able sum. Already detailed estimates
from that quarter received at the navy
department indicate the advantage, if
not the necessity, of an appropriation
aggregating nearly \$3,000,000.

TALK ELSEWHERE

(Special A. D. Dispatch).
Madison, Wis., Sept. 10.—This even-
ing the republican assembly caucuses
will be held throughout the city.
The fight has been exceedingly bitter
and the contest has been closely con-
tested. Candidates for both the
Spooners and the anti-Spooners element
have been brought up and have either
withdrawn themselves, owing to the
intensity of the feeling, or have been
dropped by the campaign managers.

Spooners Ahead
At noon today it appears as though
the friends of Senator Spooner will
have a clean sweep and that the
delegates chosen will be for Spooner
unconditionally by at least three or
four to one. One prominent republican,
Spooners man, said this morning:
"I shall be much surprised if the
caucuses tonight do not go for Spooner
by a majority of four to one. In
the last few days they have increased
the Spooner sentiment day by day and
each new addition to our ranks gives
us renewed hope."

LaFollette Ideas
One prominent LaFollette man and
an office holder under the Governor
stated in a conversation on Monday
night that it was time to stop fooling
with the Spooners men and not conceal
anything. He said: "Why La-
Follette and his followers have the
entire district and I have told the
boys that this talk of compromise was
all folly. They should openly de-
clare themselves as opposed to Spooner
and then win on their merits."

Politics Elsewhere
Advised received at Spooner head-
quarters in this city today show more
gains throughout the state in the fore-
cast of the next legislature if it is re-
publican. The supporters of Senator
Spooners have thus far controlled
a majority of the conventions and caucuses
and it is probable that they will
carry the remaining districts yet to be
heard from.

Buckstaff's Convention
Former Speaker George Buckstaff
presided yesterday at a republican con-
vention at Oshkosh at which a strong
and unqualified Spooners man was
nominated from the second district of
Winnebago county. There was little
or no dispute and the state platform
was not more than mentioned. It was
only on the question of an unqualified
endorsement of Spooner that any talk
was raised.

Divided Democrats
In this congressional district the
democrats are divided as to party af-
filiations. J. J. Wood of Berlin cap-
tured the congressional nomination
with ease over W. F. Pierstorf of
Middleton, who was sure of the nomi-
nation until the convention met. The
nomination has caused much dissension
in the democratic ranks.

OIL TALKED OF FOR HEATING

MANY JANESVILLE RESIDENTS
WILL PUT IN BURNERS.

THEY CLAIM IT IS CHEAPER

Experiments Are Due to the High
Price of Coal at the Pres-
ent Time.

Many Janesville residents have put oil heaters in their furnaces and will keep warm this winter in spite of the coal strike, the scarcity of anthracite coal, and all the accompanying evils. Several persons in this city have started the sale of these substitute heaters, and they have proven very popular thus far. Some persons say, however, that they would rather pay the high price of coal than use anything so unsatisfactory as an oil burner in a furnace or stove.

Many Types of Burners
Of the burners that have been put on the market by enterprising dealers, to meet the expected shortage in coal, there are many styles and patterns. Almost all work on one general principle. There is a burner or group of burners or jets which are placed within the furnace. A pressure is maintained by various devices, and here it is that there is the greatest variation in the types of burners on the market. Some have air chambers, and others depend simply on the head gained from the pipe.

Large Sales of Oil.
No money will be lost this summer by the oil dealers on account of the strike. A number have already placed their orders for their winter's oil for use in these burners. This form of getting their fuel is so simple that many persons are enthusiastic over the prospect of spending the winter in an oil heated house. Others are not so sanguine. One man said that he had already purchased a burner and gave it a fair trial, besides seeing the working of several others, and he has since laid in his usual supply of coal. He did not "want anything to do with the confounded things."

"THE GAME KEEPER" PLEASES AUDIENCE

Capable Company Presents Romantic
Irish Comedy to Satisfaction
of Theater Patrons.

Few attractions this season have attracted such general patronage and so thoroughly merited it, as the "Game Keeper" which was presented at the Myers Grand on Tuesday night. The play has a general atmosphere of Irish sentiment and romance which is refreshing after the time worn and moth eaten characterizations of the stock melodrama. With perhaps one or two exceptions the company are capable, and the elaborate stage fittings and properties are evidently fresh from the hands of the scene painter.

Charming Little Actress
Baby Patti, as Little Norine Brantford completely captivated the hearts of the audience by her charming smiles, and her unconsciously natural acting unmarred by artificial mannerisms. Her singing was marked by the abandon and self possession of a veteran actress. Thomas J. Smith in the title part showed great ability, although it was a disappointment that his voice was so badly strained from his exertions of the past week, accompanied by a cold, that he was unable to sing the songs in which he has made such a name for himself in the past. From the snatches of melody which could not be omitted from his lines, it was evident that he has a voice of more than unusual sweetness and power.

A Comic Comedian
Ben Rogers as Johnny Drake has the marks of the comedian to the manner born, and his interspersed parodied songs and occasional comedy parts, his ability is beyond question. Sadie Marlon as Kathleen O'Neill, the heiress who is loved by Derry, the game keeper, and Daniel Doolan, the old man who is not yet beyond the influence

of a pretty face, both played their parts in a more than satisfactory manner.

ELECT OFFICERS FOR LOAN BAND

Annual Meeting and Thank Offering
Service Held at home of the
Misses Spoon.

At the annual meeting and thank offering service of the Loan band of the Congregational church held last evening the following officers were elected for the ensuing year: Miss Frances Ryckman, president; Mrs. J. A. Craig, vice president; Mrs. Fred A. Capelle, secretary and Mrs. F. H. Farnsworth, treasurer.

The meeting which was largely social in its nature was held with the Misses Jennie and Grace Spoon, at their home, 179 Washington street, and was one of the most enjoyable gatherings ever held by the society. About sixty young ladies were present and enjoyed heartily the elegant supper which was served at six o'clock.

ticular interest to Wisconsin people from the fact that the closing scene is laid on the Onondaga reservation near Green Bay. Lazzarre the lost Dauphin is built from the life of Eleazer Williams a character who lived among the Indians on the Green Bay reservation about whom a mystery surrounded.

Opens at Green Bay.
Strange as it may seem Mr. Skinner chose for his initial performance Green Bay and there presented the play on Monday evening to a crowded house. His visitors coming from all over the country to see his first night's production. He repeated the play again last night and not a seat could be had in the house. In his audience was the adopted daughter of Eleazer Williams and many Onondaga Indians who knew Williams' story and firmly believed that the heir to the crown of France had lived among them.

His Story.
Eleazer Williams was in an early day in Wisconsin one of its most noted characters. He came with the Onondaga Indians from their New York state home and lived this life among them. He was a strange foreboding man and the early settlers of Ft. Howard and Green Bay all firmly believed that he was the lost Dauphin of France. The true Louis the seventeenth. His picture today hangs in the historical art gallery at Madison. It was painted by a noted painter, named Catlin and is considered proof that Williams was a member of the Bourbon family from the characteristics of that noble house that are brought forth by the artist's skill.

The play:
An exchange says of the initial performance:
The piece was well presented, remarkably well for first night. Mr. Skinner's role offers striking contrasts. He appears first as an Indian, then as an American gentleman, then in the garb of a French courtier and at last as the missionary. His acting was faultless.
In two stirring speeches, the one describing his recollection of the mob's attack on his royal father and mother and the other his determination to break away from civilized life and return to the tribe that reared him, he moved the audience to a high pitch of enthusiasm. Throughout all his sonorous, sympathetic voice, his grace and his reserve stamped him as the artist he is known to be.

Wisconsin People.
Perhaps after the star the most interesting personages on the stage to local people were Walton Pyre and Miss Jane Butt, both of Wisconsin. Miss Butt had a brief but amusing character role in Ernestine, the maid who speaks English with a French accent. Her work was finished and furnished most of the comedy in the first act. Mr. Pyre assumed two parts, the minister of police and the head butler to the impoverished, vulgar Count de Provence.

In these roles he showed a measure of versatility and gave convincing characterizations. Walter Allen, as Dr. Chantry, who expressed his love in numerous poems, supplied refined

comedy admirably. Joseph Weaver, Jr., did the Count de Chantment with dignity and power. Walter Lewis as Shenedah, was highly picturesque. His bronzed torso was half bared and the noble features and tactfulness of the Indian made the part together strong.

Maud Durbin.
Nannette Comstock made Annelie a pretty, pliant young woman, full of mischief and humor. Maud Durbin (Mrs. Skinner) gave a fine interpretation of Eagle de Ferrier. Her acting was sympathetic and dramatic. Another part worthy of high commendation was that of the princess, done by Alice Wilson. Messrs. Dallas, Ringgold and Van Rensselaer made the most part of good roles. The rest of the company was fully up to the mark, making a strong organization. The stage management was artistic, especially in the attitudinizing, the scenery pretty and in good taste, the Lake George scene being a beautiful bit of nature.

Striking Play.
The play has striking color, representing life in America in the latter part of the eighteenth century. A scene on the shore of Lake George, showing William's escape, is picturesquely typical. Thence the action shifts to a palace in Mittau, Russia. The last act shows Lazzarre's Wisconsin home in Green Bay.

Lazzarre
"Lazzarre" is an interesting, original drama, and with the minor changes necessary should serve as a good vehicle for Mr. Skinner. The leading role seems insufficiently developed for an actor of his attainments. The ensemble is strong, the characterization fair. While episodic treatment does not bring cumulative strength, and the various acts are separable, each and all have a wholesome tone, whether comedy or pathos, but undoubtedly will please. When various speeches have been made blue-pencilled and the action quickened the lack of power due to failure to preserve the central theme as a motive progressing to one stirring climax may not be felt. The love scenes, while pretty, lack intensity, and seem to need the red blood and vigor necessary to appeal to forcibly.

WERE WEDDED AT ROCKFORD

Miss Alice Kimball was married to Dr. Reed This Noon

Miss Alice Kimball, formerly one of this city's popular young ladies, was married at high noon today to Dr. Reed of Rockford, Ill. The ceremony took place at the home of the bride's parents, Mr. and Mrs. Clarence Kimball, 519 Green street, Rockford, only the relatives of the contracting parties being present.

The bride's girlhood was spent in this city where she lived until about four years ago. She was especially popular in the Trinity church where she was an active worker and she has many friends in this city who will wish her happiness in her new relation. The husband of her choice is one of Rockford's enterprising dentists and is a widower with three children. He intends to move to Beloit in the near future and he and his wife will take to their Beloit home the best wishes of many friends.

A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kas., is past 53 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."

Dr. Miles' Nervine

Saved me from the insane asylum, Mrs. A. M. Heifner, of Jerico Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep nor rest, would even forget the names of my own children at times. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."

PROPOSE PLANS TO END STRIKE

SUGGEST SETTLEMENT TERMS

Miners to Return to Work Without Signed Agreement, but Operators Are to Make Concessions Within Given Time or Arbitrate.

Philadelphia, Pa., Sept. 10.—J. Pierpont Morgan, heading earnest representations made by Governor Stone, has assented to a plan which, it is believed, will end the anthracite coal strike. It needs, of course, the consent of the leaders of the strike. Governor Stone will present it to John Mitchell tomorrow.

Outline of Plan.
In brief the plan is that the men shall return to work without a signed agreement; that the operators shall then, by concessions seek to adjust the differences; that if a settlement is not reached within a stated time the whole matter shall be referred to an arbitrator; that the men will await his decision and that if they deem it unjust they may renew the strike.

Widener May Be Arbitrator.
P. A. B. Widener of Philadelphia may be the arbitrator chosen, but his selection is not a vital part of the plan.

These arrangements were the result of a conference held in New York by Governor Stone, Attorney General John P. Eakin, State Senator William Flinn of Pittsburgh and Mr. Widener, followed by the presentation of the plan to Mr. Morgan by the Philadelphia financier.

Stone Wires Mitchell.
Knowing Mr. Widener well, both personally and as a financier, Mr. Morgan listened to his proposals with close attention and discussed them frankly. After the conference Mr. Widener rejoined Governor Stone and the others and later the governor wired to John Mitchell proposing a meeting with him.

SARGENT RESIGNS HIGH POST.

Quits Office of Grand Master of Locomotive Firemen.

Chattanooga, Tenn., Sept. 10.—At the convention of the Brotherhood of Locomotive Firemen Grand Master F. P. Sargent's resignation as grand master was read and accepted. In his resignation Mr. Sargent says: "Having on July 2, 1902, entered upon the discharge of the duties of the office of commissioner general of immigration of the United States, it is absolutely required of me that I return to my official station at Washington, D. C., as soon as possible. I will, therefore, appreciate early action by the grand body. It is my sincere and earnest hope that prosperity may always be in close companionship with the order and as a last request, my brothers, stand fast in defense of the principles and teachings of your brotherhood."

SEEK MERIT LAW FOR POLICE

Illinois Chiefs in Convention Consider Request to Legislature.

Decatur, Ill., Sept. 10.—The third annual convention of the Illinois chiefs of police is in session here. The principal business was the consideration of a bill which the next general assembly will be asked to enact. It provides for the creation in all cities having a population between 7,000 and 100,000 of a nonpartisan board of control, with power to name as police officers applicants who have successfully passed a civil service examination. The object is to get the police departments beyond the reach of partisan politicians.

GALE INJURES THE FRUIT CROP

Thousands of Bushels of Apples, Pears and Peaches Blown Down.

St. Joseph, Mich., Sept. 10.—The high wind which prevailed here developed into a northwest gale. As a result it is estimated that fully 10,000 bushels of apples and pears and a small portion of the remaining crop of peaches were blown from the trees to the ground in Berrien county. Reports received from various parts of the county show that all fruit trees suffered from the gale. The loss to growers represents several thousand dollars.

Kill Many Whales.

London, Sept. 10.—A great whale hunt took place at Hillswich, in the Shetland Islands. A school of herring whales was reported approaching the village and the entire fishing population put to sea aboard of everything that would float. They drove the whales ashore and slaughtered 166 of them.

Severs Woman's Head.

Stamps, Ark., Sept. 10.—The wife of John Harper, a resident of this place, has been murdered, her slayer using an ax with which he dealt the woman two heavy blows when she was asleep. Her head was almost severed from the body.

Whipped by Whitecaps.

Bloomington, Ind., Sept. 10.—A band of whitecaps visited the home of Mat Sturgeon on the Wyckoff farm, five miles east of here, took Sturgeon out and gave him a severe whipping. Sturgeon's wife was also lightly switched.

Wild Sweeps Ohio.

Huntington, W. Va., Sept. 10.—The fiercest wind and rain storm in years visited portions of Southern Ohio. Corn fields were laid flat and orchards were felled. Many buildings were damaged.

ASTOUNDING GOOD NEWS

to thousands of wretched people. It will bring happiness to thousands who are miserable—imagining they have a bad blood poisoning—when in nine cases out of ten it is purely a local parasitic manifestation on the skin which can be cleared away in a hurry.

Such misery now cleared away as surely as the sun shines above. Not merely attempted—not a matter of improvement only—but a clearing of it all away absolutely—and quickly, too.

Two photos of Mr. Charles Jacobs. Cleared away almost at once and permanently cured in 14 days. Before treatment his hair was worn clipped owing to the scalp being scaly, and a multitude of warts to help hide sores on the lips. Note difference in appearance after cure. See changed expression. Nothing has ever brought more happiness to humanity than this discovery.

WE VOUCH FOR THIS

Note what is known (having been fully proven to us) to a leader in the medical affairs of Janesville.

Geo. E. Kling & Co.

It has been proven to us beyond the possibility of a doubt that a new medicine quickly clears up the worst skin affections. Its work seems astonishing, amazing, almost miraculous. (It is a specific formula which, because of its discovery by Dr. Decatur Dennis, is known as "D. D. D.") Its actual record sounds like a story of magic. But there is no room for doubt about it whatever; full proofs, indisputable in every respect, have been submitted regarding hundreds of cases—among them the two cases illustrated in this announcement. The one case shown here of the adult (Mr. Charles Jacobs, psoriasis of many years' standing) was cured in 14 days. The other case of the boy (Sammy Minkey) was cured in three weeks. The results are not only complete, but permanent; in the case of Mr. Jacobs, which was one of the earliest cured after the discovery of this medicament, it is now nearly three years since the disease was cleared out of the skin, and no taint of it has appeared since.

This is not merely a commercial matter, it is a matter of humanity

to tell everybody with a skin disease about this medicament. Among the many cases proven to me of astonishingly quick and complete cures, all of which seem to have been permanent, many were photographed in such a condition that a reproduction in a newspaper would be perhaps too shocking for print. These cases given here, in the cause of humanity, this paper consented to print just as the patients appeared before and after treatment, though another newspaper refused to do so. Not a newspaper in Christendom but should publish every word of this information, pictures and all, if duty and not dollars were the governing rule.

A SMALL BLOTCH ON THE SKIN.

How skin diseases start in most cases.

In the two cases illustrated here the following are the facts: In the case of Mr. Jacobs (Psoriasis, a species of Eczema) the trouble started in three small spots and did not spread beyond this for eight years. Then it suddenly spread all over. It raged more or less all over in this way for ten years.

In the case of the boy shown below (pure Eczema) the trouble started in a small spot forward of the left ear. We understand it was quiet for two or three years before spreading. Photographs of the case show the boy literally covered, the same as shown on the face in the photo below, when treatment with D. D. D. was started.

Any blotch in the skin which sticks stubbornly at all should be attended to. However trifling it may seem, if it lingers long ten chances to one it is a parasitic start, and at any time it may cover your face or body, or both.

The most hygienic and cleanly people are frequently afflicted with skin diseases. Attendants in bathhouses and barbers are examples that soap and water are no protection. Whenever the skin becomes weakened or impaired, then these parasites are likely at any time to attack, and if conditions are just wrong they will thrive and some form of skin disease will result. Almost all forms of it will spread by contact.

(Cleared away and entirely cured in 21 days.)

Many varieties, all similar.

Acne, Barber's Itch, Carbuncles, Acne Rosacea, Dermatitis, Eczema in all its forms; Eczema in Infants and Young Children, Erythema, Ecthyma, Impetigo Contagiosa, Lupus, Lichen Planus, Herpes, Erysipelas, Ichthyosis, Pityriasis, Itching Piles, Lichen Ruber, Psoriasis in all its forms; Scrofula, Scrophulous, Syphilis, Scabies, Tinea Favosa, Tinea Circinata, Tinea Trichophytina Barbae, Lupus Serpiginosus, Elephantiasis. Each one of these skin affections is parasitic in nature, and all of them have yielded to "D. D. D." The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Company, 70 Dearborn Street, Chicago.

It is utilized by every general family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago.

It will clear off any parasitic break in the skin in from 3 to 60 days time.

It will bring happiness quickly into the lives of thousands of people of this city who are miserable in imagining they have a bad blood poisoning, when in nine cases out of ten it is purely a local parasitic manifestation which can be cleared away in a hurry by this preparation.

Visit the above agent and see proofs that will make you a happier human. \$1.00 buys the prescription—already made up in sealed bottles—with authentic label on each. The above druggists will fill mail orders on receipt of price.

There should be a new law that no suits could be bought for less than twenty per cent. assessment. By the way it would be interesting to note what the assessment will be in Wisconsin this fall among the La Follette officeholders.

If any one sees the Chicago school children become experts at using the bottle in the future days they can lay all the blame on the present system of the compulsory water bottle system now in vogue there.

If President Roosevelt could keep up the gait he is now going for two years more the democratic party could not get enough men out at the polls in 1904 to act as polling officers.

Russia is after shipping industries and will give large subsidies for their establishment. Peter the Great started this movement many, many years ago so it is not new by any means.

An old Indian says Chicago means "All gone." Well, one feels all gone after twenty four hours there trying to keep watch of your pocketbook and the cable cars.

The Dallas News say there are over 400,000 farmhouses in Texas and every one has a baby cradle. My what a howling success farming must be down by the Rio Grande.

Has President Roosevelt discovered a new form of sport? That is speech making. It must be remembered that Roosevelt is supposed to be on his vacation just now.

Mississippi is to forbid base ball in the fall so that the negroes will not go crazy over the game and forget the cotton fields.

Such men as Senator Spooner who are valuable to their country should not be sacrificed for the benefit of local ambitions.

Some way or other President Roosevelt is not taking his cues from Mr. Babcock's campaign book on "How to Conduct a Campaign." Why?

The democratic platform should remind the reader of the Chicago water reports. All bad no matter what crib they are drawn from.

Contractors Explain Why They Did Not Start Building Sep. 1 According to Contract.

Superintendent of Public Construction of Public Buildings H. C. King has received word from Yeager & Son of Danville, Illinois, that they will begin work on the postoffice building next Monday. As explanation of their failure to be on hand on the first of the month as the contract stipulated, they offered the numerous quarry strikes of the past weeks. Otherwise they would have been able to complete the work on the Iowa government building at an earlier date. Local residents have expressed a wish to see the work actually begun before they accept any statement that may be made. Mr. King will do all in his power to have the work taken up at an early date and pushed along.

SUDDEN DEMISE OF J. C. SPENCER

CHIEF OF JANESVILLE FIRE DEPARTMENT PASSES AWAY.

DEATH DUE TO HEART FAILURE

The Grim Messenger Came Without Warning—Deceased Devoted His Life to Civic Interests.

John C. Spencer, chief engineer of the Janesville Fire department and a former city editor of the Gazette, died suddenly at his home, 217 North Elm street, this morning at 3:20 o'clock. Death came almost without warning and the announcement of the sad news, which spread rapidly through the city this morning, was a great shock and sorrowful surprise to the community where Mr. Spencer was so widely known.

Death was due to heart failure, resulting from asthma with which deceased had been a great sufferer. During the past year he had suffered several severe attacks and in three instances his life had been saved only by the prompt and persistent treatment of physicians. In one of these attacks he was unconscious over two hours.

ment of physicians. In one of these attacks he was unconscious over two hours.

Was Ill Yesterday
The cold, damp weather yesterday affected Mr. Spencer very unfavorably and he returned home from town about nine o'clock in the morning. At noon he had a very bad spell suffering so intensely that he begged for the end to come and told his wife that he knew that he could not endure many more such attacks, adding that death would be a welcome release. The medicine which his wife gave him relieved him considerably, although he remained at home all day and retired at 8 o'clock last night, saying that he was as comfortable as possible in such weather.

Death Came Suddenly
Early this morning Mrs. Spencer awoke and found that her husband was not sleeping. Soon he began to groan, and, in response to her inquiry, said he was sick all over. He raised himself in bed but fell back on the pillow. As his wife tried unsuccessfully to force some medicine between his lips, there was a slight spasm and he grew rigid in her arms. The end came within three minutes from the time when he first said he was sick. Dr. James Mills was hastily summoned by telephone and arrived in a few minutes but it was too late for medical skill to avail.

His Life History
John C. Spencer was sixty-four years of age, having been born in Little Falls, Herkimer county, N. Y., May 17, 1838. In 1845 he came west with his parents, living at Danville, Ill., Covington, Ind., and Bloomington, Ill. In December, 1852 he came to Janesville where he has resided ever since. His education was limited and was acquired largely in private schools, although at Covington in 1849 he attended the first term of the free public schools in Indiana.

He was in every sense of the word a self-made man. As a boy he herded sheep and cattle and at one time he hauled earth for the construction of the Illinois Central road between Bloomington and Randolph.

From Carrier to Editor
For forty years he was connected with the Janesville Gazette, entering its employ in 1852 as a carrier boy. Soon after he entered the office to learn the printing trade and fled in turn every mechanical position in the establishment. In 1877 he was appointed city editor, a position which he held until 1892.

His Chosen Career
His deepest interests, however, were interwoven with the history of the Janesville Fire department, a history in which he took a vital part. At the formation of the department in 1855 he was appointed torch bearer for Water Witch engine, No. 2, his associate being George Peck, later Governor of Wisconsin. He filled every official position in the company, being secretary of the department twelve years. In 1885-1886 he served as chief, after which he officiated as assistant chief until 1892 when Mayor Rowe appointed him chief engineer, a position in which he continued until his death. Through his influence many changes have been wrought in the department, advancing its efficiency until it is one of the best in the state.

Compiled Statistics
In connection with his work Mr. Spencer compiled many valuable reports and he took the greatest pride in the completion of the Firemen's souvenir. He was well versed in the history of the city and county and took intense interest in their progress, no resident of Janesville having a larger civic pride.

His Fraternal Relations
Politically he was a loyal republican and socially he was a member of the Western Star Lodge No. 14, F. and A. M., and of Janesville Lodge No. 90 and Rock River encampment No. 3, I. O. O. F. He was a man of generous impulses and kindly nature, an indulgent husband and father and a faithful friend. There are many in the community who will mourn with the bereaved family in their great affliction.

The Bereaved Family
He leaves a wife, to whom as Miss Helen M. Brown he was wedded Oct. 30, 1870, and six children. Those who mourn the loss of a father's love are Mrs. J. L.

Arrangements for the funeral have not been completed.

Harry Crisman
At 3 o'clock this morning Harvey Crisman, of LaPrairie, aged thirty-five years, was released from the bondage of an illness of four years' duration. Since 1898 he had been a sufferer from consumption. Two weeks ago he grew worse and he failed rapidly, until early this morning when the end came. The funeral will take place Friday morning at ten o'clock at the home of Thomas Crisman in LaPrairie. The interment will be in the Plymouth cemetery. Besides the friends who will mourn his death he leaves three sisters and a brother. They are Mrs. Charles Baines of Harmony and Mrs. M. J. Powers of this city; Mrs. J. B. Inman of Clinton and Thomas Crisman of LaPrairie.

MISS JOHNSON'S BODY IS FOUND

REMAINS OF THE SUICIDE RECOVERED THIS AFTERNOON.

FEARFUL SUSPENSE IS ENDED

Body Was Discovered in Eight Feet of Water—Search Was a Difficult One.

Miss Edith Johnson's body was found this afternoon at 1:30 by Alfred Austin, at the entrance of the old Nathan home on the east side of the south end of Monterey bridge. The body was about four rods below where she is thought to have jumped into the river and was in about eight feet of water. The current had carried the body down stream and it had lodged against a large stone, the end of which showed above the water.

Taken to Kimball's
Kimball's undertaking wagon was called and the body taken to his store and prepared for burial. The date for the funeral has not yet been set. The interment will be in Oak Hill cemetery.

Search Was Difficult
The search of the river near Monterey bridge for the body of Miss Edith Johnson, who is supposed to have committed suicide on Monday night was kept up all yesterday afternoon and evening by Officers Brown and Fanning and two helpers without success. The river in the vicinity of where the footprints show she must have gone into the water, was dragged thoroughly, but no trace of the body was found. This morning Officer Fanning and two men continued the search.

Water Is Deep
The efforts of the searchers were hampered considerably by the depth of the water which is 12 or 14 feet and the quantity of brush and rubbish which covers the bottom and catches the grappling hooks and the rakes.

Certain She Is Dead
Although Miss Johnson's relatives feel certain that she is in the river they are not dead certain she went in at the point indicated by the tracks. She might have gone further up the stream or down below a short distance. The night was dark and rainy and no one saw her as she approached the river, although one of the men in the Janesville & South-eastern flag station thought he saw a lady pass a short time before Mrs. Johnson and Mrs. McCulloch came along in search of Miss Johnson.

Daughter of Martin Johnson
Miss Johnson was a daughter of Martin Johnson, a former resident of this city, but who for a number of years had resided in Chicago and was employed by the Northwestern railway company. Mr. Johnson died in Chicago on July 26 and was brought to this city on July 29 and was buried. Their home in Chicago was at 316 Clark avenue.

Charles Axford
Escapes Death

He Was Nearly Run Over by a Northwestern Train on Monday.

Charles T. Axford, who is connected with the American Telegraph and Telephone company, had a narrow escape from being killed by the cars on Monday afternoon.

Jumps From Train
He was a passenger on the 5:10 p. m. train on the St. Paul road and as it pulled into the station in the city jumped off. The train was still going at a good rate of speed and as he jumped he did not clear the car and was struck by a corner.

Is Thrown Down
The blow threw him off his feet and turned him around throwing him under the coach just in front of the rear trucks. People standing on the platform expected to see him crushed by the wheels and turned away so as not to witness the sight.

Just Escapes
Axford in some way managed to twist around and get out onto the platform just before the wheels caught him. He staggered up against the side of the station and for a few minutes could hardly move. It was a narrow escape and Mr. Axford will probably wait after this until the train stops.

Lemmerhirt-Hammel
Miss Matilda Lemmerhirt, of Afton, and Herman Hammel, of Homer, Ill., were united in marriage this morning at 9 o'clock by the Rev. James Churm, the ceremony taking place at the parsonage of the First M. E. church. The happy couple will reside in Afton and many friends will wish them joy and prosperity.

SCHOOL BEGINS FOR THE BLIND

OPENING SESSIONS OF THE YEAR HELD TO-DAY.

EIGHTY STUDENTS ENROLLED

Four New Instructors and Six New Pupils Begin Work at the State School.

With an enrollment of eighty students, the State School for the Blind opened its years work with this morning's session, Supt. A. J. Hutton being in charge. The enrollment includes six new pupils, the other seventy-four having attended the school last year.

Average Enrollment
Within the next few days the students will be returning to the school from various parts of the state and the total enrollment will probably reach the average which has prevailed for several years past. This average is 110 students. Today's attendance is large for the first day of the year.

New Teachers
There are several changes in the teaching department this year. Mr. Baker being the new principal. Prof. Harvey succeeds Prof. Hursey as instructor in piano tuning. Miss Means will be the instructor in voice culture in place of Miss Jeannette Beckwith, resigned, and Miss Harris is the physical culture teacher appointed for the position left vacant by Miss Elizabeth Abbott's resignation.

STEIN'S AWARDED
TOURNEY WINNERS

Golfers of the Mississippi Club Played Finals in the Home Tournament Yesterday.

The finals in the home tournament of the Mississippi Golf club were played yesterday afternoon on the club course. The day was rather cool and windy for good work and the scores were not as good as were expected. In the first flight Albert Schuller defeated O. Sutherland 6 up and 5 to play. In the second flight Chas. Schuller defeated F. E. Fildeld 2 up and 7 to play. In the third flight H. McKinney defeated George Brownell 2 up and 1 to play.

The prizes are six handsome steins one for the winner and runner up in each flight. The tournament has not been as hotly contested as was expected on account of number of forfeits that have taken place among the players who have been sick. Much more interest would have been taken in the tourney had it been earlier in the season.

On Tuesday next there will be a mixed foursome approaching and putting contest, followed by a club supper under the supervision of Mrs. H. G. Carter. The supper will be followed by a dance.

GLIMPSES FROM A LIFE HISTORY

INCIDENTS IN REMARKABLE CAREER OF FRANCIS MURPHY.

HE IS AS VIGOROUS AS EVER

Life of Lights and Shadows Has
Been a Marvelous Blessing
to the World.

In spite of the sixty years of strenuous life, Francis Murphy, who is to speak to his friends in this city next Sunday, retains the vivacity and fire of his youth and still has the wonderful power of taking the hearts of the people by storm wherever he goes. His fame and not declined with his years, as is so frequently the case, but in the evening of his life he finds himself at the zenith of his usefulness and popularity.

Mr. Murphy has recently closed a week's work in Pittsburgh, spending his "God bless you" throughout the city while his motto, "With malice toward none and charity for all," has found an echo in many homes. As a rule temperance workers are not popular and this makes it all the more wonderful that Francis Murphy has been winning the great public heart even while he has been engaged in the usually unpopular work of guiding the globe with the blue badge of sobriety.

Praised by the Press.
One of the most remarkable features of his work has been the unanimous accord with which the press of the country has supported him loyally. Metropolitan newspapers, which generally look askance at anything which savors of temperance, have devoted columns of space to this great leader and his meetings. One of the most interesting of these newspaper accounts is one occupying half a page in the Pittsburgh Leader of Sunday, Aug. 10, and illustrated with two splendid half tones of Mr. Murphy.

Facts from His Life.
The article is an extended account of the life of Francis Murphy and the birth and growth of his work and a few items gleaned from the many incidents which it contains will be of interest to Mr. Murphy's host of friends in Janesville. Especially is true as the majority of people have only a vague conception of his past history and career. With them the vital interest centers in the man as he is today and the great work which he is doing, as he himself would say, "under the grace of God."

Born in Ireland.
Mr. Murphy's recent visit to Pittsburgh signalized over thirty two years of continuous zealous labor in the cause of Christ and temperance. He was born April 24, 1836 in Country Wexford, Ireland, and was raised on the great estate of Edward Wesley Munn, a nobleman with a castle and an income of £50,000 a year. There the young Irish lad saw fine hunting parties and feasts. The servants drank wine as well as the master and his guests, so young Francis early acquired the taste for liquor.

When sixteen years of age he came to New York and afterwards secured work on a farm. Then he got married, his wife being Miss Rebecca Johnston, a beautiful girl, who still retains her personal charm, who stood faithfully by her beloved husband in days of darkest sorrow and privation and is now his most loyal admirer and whose devotion has sustained him throughout life.

The Dark Chapter.
The taste for strong drink drew the gifted victim down until he became a mere drunkard and the keeper of a low saloon. His career of drunkenness was as wholehearted as his fight against it has since been and dark days of utter destitution followed until finally Mr. Murphy's children were taken away from him to be cared for by the authorities and he became familiar with the interior of a prison cell. This condition of wretchedness continued until thirty two years ago when in Portland, Me., Francis Murphy took upon himself a solemn vow to abstain from strong drink which has brought so much sorrow into his life.

A New Man.
Francis Murphy signed the pledge on the third day of April, 1870, and his work for righteousness began immediately. He felt the strength of a new born purpose, the blood of a new life pulsate in his veins and he resolved to devote his life to a work of mercy and Christian sympathy by going among his own associates and others, inducing them to turn from the saloon and brothel to their homes. His first act was to hunt up his own boon companions and so potent was his influence even from the start that one hundred of them were induced to enlist in his cause.

Then public men of Portland urged him to speak from the public platform but the reformed drunkard was abashed at the idea and pleaded that he didn't know how and couldn't learn. "You don't have to learn," rejoined the mayor of the city, "just get up on the platform and tell the people the story of your life as you have just told it to me."

Leaped into Fame.
Subsequent events proved the discernment of the mayor. Encouraged by such words as these Francis Murphy mounted the rostrum, told the story of his years in drunkenness and misery and in burning words pleaded with the stalwart men in the audience to forsake strong drink. Instantaneous response came by the hundred. Men rushed to the platform eager to sign the paper that to many of them meant the turning point of their lives. No such extraordinary scene had ever before been enacted at a temperance gathering on this continent. That night the telegraph and cable flashed the news to all parts of the civilized world and Francis Murphy, like the immortal Byron, awoke next morning to find himself famous.

mon knowledge. The world suddenly awoke to the fact that here was a powerful, effective advocate in their midst. His broad Christianity and great love for humanity won for him alike the support of ministers and stalwart Christians of the churches the respect and tolerance of indifferent business men and the thoughtful attention and courteous consideration of saloon followers.

First Visit West.
The reform clubs with their club rooms to take the social place of the saloon, when he organized early in his crusade played an important part in the foundation of the W. C. T. U. Mr. Murphy's first trip west was in response to an invitation from the late Francis Willard and the W. C. T. U. was the result. In 1873 at a national conference of temperance workers held in Cleveland the reports showed that ten million persons had signed the Murphy pledge during the eight years of his crusade. Since that time no census has been kept and the figures, could they be known, would be amazing.

In Foreign Countries.
Francis Murphy's first work abroad was in Ireland, his native country, where 125,000 men signed the pledge while in England, where the movement spread like wild fire, over 5,000,000 men became converts. Queen Victoria thanked him from her throne, Spurgeon, London's greatest divine, threw open his church to the American reformer, the great Gladstone championed his cause and one of his warmest advocates was Canon Wilberforce. Visits to France and Switzerland followed and since then Mr. Murphy's travels have taken in the habitable globe. His last trip abroad was to Australia and the Hawaiian Islands.

His California Work.
He returned to his beloved adopted country last winter and did such a great work in California that he was finally persuaded to give up his traveling work for a while at least and remain in Los Angeles carrying on his gospel temperance movement in connection with one of the churches of the city. Believing the field to be a great one and that by remaining there he might prolong his life, Mr. Murphy consented and when he leaves this city he will be on his way to his California home and work.

Wants to Die in Pittsburgh.
Mr. Murphy still retains his home in Pittsburgh, where his temperance movement was really crystallized, and it is his expressed desire to spend the last years of his eventful life in that city. In millions of hearts throughout the world is cherished the hope that the day may be far distant when the kindly eyes shall close in death's sleep and the matchless voice be still to earthly cares forever.

Prior to 1870 the modern web perfecting press was unknown. The favorite was the cumbersome drum cylinder press, still found in many country offices, which will turn off papers at twelve hundred to fifteen hundred copies per hour. What could such a machine do in the office of the great metropolitan daily? Hoe & Co. brought out the first successful perfecting press in 1871, and since that time one improvement has followed another until today there are presses that will cut, paste, fold and count in lots of twenty-five or fifty as many as one hundred and fifty thousand eight-page papers every hour. *Mahlin's Magazine* for September.

If a woman is physically miserable and mentally unhappy, the child she bears will, in face and form, as well as in disposition, reflect her own condition. Every woman who anticipates motherhood ought to think of this and be a fairy godmother to her own child, endowing it with health, beauty, and a happy disposition.

The mental misery of the prospective mother is in general the result of her physical condition. She is nervous, her appetite fails, she cannot sleep. Restore her appetite, quiet her nerves and give her sleep and she becomes a new woman.

"It has made a new woman of me," is the constant testimony of women who have used Dr. Pierce's Favorite Prescription.

Prescription. It tranquilizes the nerves, encourages the appetite and induces refreshing sleep. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"During the first month, when I looked forward to maternity, I could not sleep anything on my stomach," writes Mrs. H. C. Anderson, of South Britain, New Haven Co., Conn. "Was so weak that I went to bed on the 25th of June and never got up till the first of August. I tried different doctors, but with little benefit. I read about many being helped by using your medicine, so I thought I would give it a trial. I began to take your 'Favorite Prescription' in November, and I had a nice little baby girl in February following. My baby weighed over eight pounds. I was only ill for about one hour, and got along nicely during confinement. Was up and dressed on the eighth day. I never had the doctor with me at all; just the nurse and one or two friends. My friends thought I was sick a very short time. This makes my second child. With the first one I did not take 'Favorite Prescription.' The little one lived just about two months, and she was sick all the time. This last baby is as plump and healthy as any mother could wish."

MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley.

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElee's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies' Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.
